Processing of your Business Data

Visit Wales and United Kingdom organisations promoting tourism and local businesses (including Guestlink), who use the Wales Tourism Product Database (operated by NVG Ltd on behalf of Visit Wales), may process your business data. The lawful bases for processing your business data may be 'Contract', 'Legitimate Interests' or 'Public Task', depending on the organisation and nature of the processing. This is processing you may reasonably expect, relating to your business presence on the organisations' websites and publications and your use of Guestlink.

If you wish to be removed from the Wales Tourism Product Database, please contact the Visit Wales data steward on visitwaleshelp@nvg.net.

As part of the processing the organisations may contact your business about your entry on the organisations' websites and publications, or how to use system features that could benefit your customer numbers or customer spend.

Tick this box if your business does NOT wish to be contacted about non-essential matters
